Current professional situation and previous position

Period	*Job title and affiliation*
Dec 2023 – present	Researcher
Sep 2020 – Nov 2023	Postdoctoral Researcher Netherlands Institute for the Study of Crime and Law Enforcement (NSCR) & Center of Expertise Cyber Security, The Hague University of Applied Sciences
Oct 2017 – Jul 2020	PhD Candidate (Research Personnel in Training – FPU16/01671)
Sep 2016 – Sep 2017	Junior Researcher Crímina Research Centre for the Study and Prevention of Crime, Miguel Hernandez University

Education

Degrees

Period	*Degree and university*
2017 – 2020	PhD in Criminology (Intl., Hons.)
2016 – 2017	MSc in Crime Analysis and Prevention Miguel Hernandez University
2011 – 2016	BA in Criminology University of Salamanca

Language proficiency

Spanish (native), English (C2), Dutch (B1), French (A2)

Research

My research examines the human factors in how, when, and where cybercrime occurs. I use quantitative methods and data science, collaborating across disciplines and with industry professionals. My goal is to build knowledge that helps us better understand cybercrime and find solutions to reduce its impact.

Research visits

Period	*Job title and host institution*
Oct 2019 – Dec 2019	Research Personnel in Training (FPU16/01671) Netherlands Institute for the Study of Crime and Law Enforcement (NSCR)
Jan 2019 – Feb 2019	Research Personnel in Training (FPU16/01671) École des sciences criminelles, Université de Lausanne
Jul 2018	Research Personnel in Training (FPU16/01671) Jill Dando Institute of Security and Crime Science, University College London

Presentations

Keynotes

Year *Title and event*

2024 1. Influencing Potential Cybercriminals with Online Ads: Empirical Findings, Lessons Learned, and Future Research Directions
Forum on Cyber Crime/Delinquency and Cyber Victimization in the Digital Age: A Comparative Perspective

Invited talks (14)

Year *Title and event*

2026 1. From evidence to action: Recommendations for intervening against cybercrime-as-a-service
ACOP 2026: Down the rabbit hole

2. Attitudes and barriers to open science practices: a mixed-methods analysis at a criminological research institute

3. Replicating research on restricted data: Evidence from the CBS Replication Games 2026
Amsterdam Meta Science Network Seminar

4. The Cybercrime Market Experiment
ACOP-InterCOP Food for Thought

2023 5. Panel Discussion: Cyber security threats unveiled
Policy Conference Securing Europe's Digital Future: Cybersecurity Challenges and Solutions

6. Online ad campaigns against cybercrime: The Dutch approach
Seminar by Digital Futures & Department of Criminology, University of Manchester

7. Online ad campaigns against cybercrime: The Dutch approach
Sprint – Operation PowerOFF by Europol

8. Stolen data markets on Telegram: crime script and situational crime prevention measures
2023 INTERSCT Conference on cyber security of Internet-of-Things

2022 9. Si Zaragoza no se rinde, yo tampoco!
Ciencias y Vivencias en Países Bajos by Spanish Scientists in the Netherlands (CENL)

10. One ad a day keeps cybercrime at bay
Interdisciplinary Conference on Cybercrime by School of Criminal Justice, University of Michigan
11. Using online ads to reduce cyber-attacks: lessons learned and future directions
2022 INTERSCT Conference on cyber security of Internet-of-Things

2021 12. Research Dutch Google Adwords campaign
EMPACT 3.1 Workshop by Cyber Offender Prevention Squad (COPS), Netherlands Police
13. Factores humanos e institucionales en el cibercrimen y la ciberseguridad
Seminar by Centro de Investigación para la Gobernanza Global & Programa de Doctorado en Estado de Derecho y Gobernanza Global, University of Salamanca
14. Alerting conscience to reduce DDoS attacks against the gaming industry: A quasi-experimental design using Google Ads
Research lunch by Centre of Expertise Cyber Security, The Hague University of Applied Sciences

Oral communications (79)

Year *Title and event*

2026 1. Cybercrime journeys: A framework for analyzing cyber offenders' online mobility
ECCA 2026 Environmental Criminology and Crime Analysis Symposium
2. Reconnaissance behavior in honeypot systems: An analysis of offender's online mobility
3. Online hulpzoekgedrag na online fraude en ransomware
Nederlandse Vereniging voor Criminologie (NVC) congres 2026

2025 4. A field experiment to examine objective cybercriminal behavior in an access-as-a-service marketplace
Evidence-Based Policing in de Praktijk
5. The ripple effect of Operation Cookie Monster: How did a dark market takedown impact an untargeted hacker forum?
6. Cybercrime journeys: a framework for analyzing cyber offender online mobility
7th Annual Conference on the Human Factor in Cybercrime
7. Barriers to adopting open science practices: Findings from a survey at a criminological research institute
8. The ripple effect of Operation Cookie Monster: How did a dark market takedown impact an untargeted hacker forum?
9. Distinct group, distinct traits? The psychological and behavioral correlates of cybercrime offending
10. A field experiment to examine objective cybercriminal behavior in an access-as-a-service marketplace: trust signals, target selection, and attack techniques
11. Exploring the cybercrime-as-a-service ecosystem: where and how phishing kits are marketed and sold online
12. The geographical dispersion of cybercriminal youth groups: A social network analysis approach
25th Annual Conference of the European Society of Criminology
13. An experimental design to investigate attacker actions on an Access-as-a-Service 'criminal' platform
7th Workshop on Attackers and Cyber-Crime Operations (WACCO) & IEEE European Symposium on Security and Privacy 2025
14. De geografische spreiding van cybercriminele jeugdnetwerken
15. Verkenning van het cybercrime-as-a-service ecosysteem: waar en op welke wijze phishingkits online worden aangeboden en verkocht
16. De verkenning van de rol van Cybercrime-as-a-Service markten in de betrokkenheid bij cybercriminaliteit en het belang van vertrouwenssignalen
17. De psychologische kenmerken van daders van cybercriminaliteit
18. The ripple effect of Operation Cookie Monster: Did a market takedown change moderation behavior on an untargeted hacker forum?
19. Online hulpzoekgedrag na slachtofferschap van ransomware
Nederlandse Vereniging voor Criminologie (NVC) congres 2025

2024 20. Exploring the operational mechanisms and trust signals in Cybercrime-as-a-Service marketplaces trading Remote Access Trojans
21. Rise and fall of illicit Telegram marketplaces: 180 days of covert non-participant observation

Year	*Title and event*
	22. The local embeddedness of cybercriminal youth networks: A social network analysis approach 6th Annual Conference on the Human Factor in Cybercrime
	23. The transition to open science at the NSCR Workshop on Open Science and Open Data in European Criminological Research
	24. Countering cybercrime tutorials with online video ad campaigns: A quasi-experiment on YouTube
	25. Youth pathways into and out of digital fraud 24th Annual Conference of the European Society of Criminology
	26. Recipe for success: Factors behind the rise and fall of Telegram illicit marketplaces
	27. Cybercriminele jeugdnetwerken in Noord-Nederland: een sociaal netwerkanalyse Nederlandse Vereniging voor Criminologie (NVC) congres 2024
2023	28. The effect of online ad campaigns on cybercrime ONE Conference 2023
	29. Analyzing interest in booter services and DDoS attacks: Insight from Google search data
	30. Pathways into cybercrime: social opportunities, criminal careers, and the intertwinement of crime
	31. Examining ransomware payment decision-making among SMEs 5th Annual Conference on the Human Factor in Cybercrime
	32. Examining ransomware payment decision-making among SMEs
	33. Cybercrime-as-a-Service markets and IoT devices: expert insights
	34. Origin, growth, and structure of (cyber)criminal youth networks in a digitizing society 23rd Annual Conference of the European Society of Criminology
	35. The effect of online ad campaigns on cybercrime: A cross-national difference-in-differences quasi-experiment Cambridge Cybercrime Centre: 6th Annual Cybercrime Conference
	36. Who searches for DDoS-attacks and what do they exactly search for? The Cybersecurity Revolution (SECREV2023)
	37. Een quasi-experimenteel onderzoek op Google Wat werkt? Evidence-Based Policing in Nederland
2022	38. Hacking efficiency: online mobility and the least effort principle
	39. Does one ad a day keep cybercrime at bay?
	40. Examining risk profiles for cybercrime victimization 4th Annual Conference on the Human Factor in Cybercrime
	41. Do online ad campaigns reduce DDoS? Research Seminar on Contemporary Cybercrime
	42. Do online ads reduce DDoS attacks? Cyber Resilience Symposium of the Center of Expertise Cyber Security
	43. Hacker mobility in cyberspace and the least effort principle
	44. Examining risk profiles for cybercrime victimization
	45. Does one ad a day keep cybercrime at bay?
	46. Telegram stolen data markets: crime script and interventions 22nd Annual Conference of the European Society of Criminology
	47. Hacker mobility in cyberspace and the least effort principle ECCA 2022 Environmental Criminology and Crime Analysis Symposium
	48. Does one ad a day keep cybercrime at bay?
	49. Telegram stolen data markets: Crime script and interventions
	50. Hacker mobility in cyberspace and the least effort principle
	51. Risicoprofielen voor slachtofferschap van cybercriminaliteit
	52. Online ronselen van money mules: Een quasi-experiment op Instagram Nederlandse Vereniging voor Criminologie (NVC) congres 2022
	53. Towards an evaluation of the effect of online ad campaigns on DDoS attacks The Cybersecurity Revolution (SECREV2022)
2021	54. Insider threats among Dutch SMEs: typology, incidence, frequency, consequences, and cyber security policies

Year	*Title and event*
	3rd Annual Conference on the Human Factor in Cybercrime
	55. Alerting conscience to reduce DDoS attacks against the gaming industry: A quasi-experimental design
	2021 American Society of Criminology Annual Meeting
	56. Alerting conscience to reduce DDoS attacks against the gaming industry. A quasi-experimental design using Google Ads
	Nederlandse Vereniging voor Criminologie (NVC) online congres 2021
	57. How to alert consciences to prevent DDoS-ers from targeting the gaming industry?
	The Cybersecurity Revolution (SECREV2021)
	58. Alerting Consciences to Reduce DDoS Attacks: A Quasi-experimental Design Using Warning Banners
	59. Insider threats among Dutch SMEs: typology, incidence, frequency, consequences, and cyber security policies
	60. Empty streets, busy internet. A time series analysis of cybercrime and fraud trends during COVID-19
	21st Annual Conference of the European Society of Criminology
2020	61. Public demonstrations in Twitter: Identifying metadata for disinformation
	62. Shifts in opportunities and cybercrime during COVID-19: A preliminary analysis in the UK
	20th Annual Conference of the European Society of Criminology
	63. How to apply Environmental Criminology and Crime Analysis to reduce cybercrime?
	64. Examining the relationship between data leaks and website characteristics
	65. Repeat victimization by website defacement: A test of environmental criminology premises for cybercrime
	Cybercrime Online Conference
2019	66. Hunter or prey? Exploring the situational profiles that define online harassment repeat victims and offenders
	2nd Annual Conference on the Human Factor in Cybercrime
	67. “Fear in 280 characters”. A new methodological approach for real-time evaluation of fear of crime on Twitter
	68. “100% sure fixed matches”: Exploring the environmental design of match-fixing websites and their networks
	69. Who defrauds the fraudster? Exploring the profiles of vendors of match-fixed results in dark markets
	70. Crime trends, Information Technologies, and crime opportunities: two hypotheses to help explain the crime drop
	19th Annual Conference of the European Society of Criminology
	71. Análisis del delito en entornos urbanos
	IV Simposio de Investigación Criminológica
	72. Hunter or prey? Exploring the situational profiles that define online harassment victims and offenders
	Joint Conference ECCA 2019 Environmental Criminology and Crime Analysis Symposium & 6th Crime Geography and Crime Analysis
2018	73. Hunter or prey? An analysis of cyberstalking situational profiles and their preferred places
	74. Anonymity-Publicity Index (API): an empirical classification of exposure of online users
	18th Annual Conference of the European Society of Criminology
	75. ¡El odio está en el aire! Pero ¿dónde?
	76. ¿Cazador o presa? Un análisis de los perfiles situacionales del ciberacoso y sus lugares predilectos
	77. Anonymity-Publicity Index (API). Una clasificación empírica de la exposición de los usuarios online
	XII Congreso Español del Criminología
	78. Hate is in the air! But where? Introducing an algorithm to detect hate speech in digital microenvironments
	ECCA 2018 Environmental Criminology and Crime Analysis Symposium
2017	79. Spatio-temporal analysis of terrorism in Africa. An approach to estimate crime using Geographic Information Systems
	III Simposio de Investigación Criminológica

Posters

Year	*Title and event*
2018	100% sure fixed matches. Exploring the environmental features on alleged fixed sport matches websites and their networks IV Simposio de Investigación Criminológica

Organization

Period	*Event*
2024 – 2026	PhDs in Criminology Network Co-organizer from Netherlands Institute for the Study of Crime and Law Enforcement (NSCR)
2022 – 2023	The Cyber Security Revolution (SECREV) Co-organizer from The Hague University of Applied Sciences, online

Funding

Personal grants

Period	*Grant and funder*	*Amount (€)*
2023 – 2027	Veni grant - NWO Talent Programme (VI.Veni.221R.024) Dutch Research Council (NWO)	279,841
2017 – 2020	Grants for the training of university staff (FPU16/01671) Spanish Ministry of Education, Culture and Sports; and Spanish Ministry of Science, Innovation and Universities	65,688
2019 – 2019	Mobility grants for short stays and temporary transfers (EST18/00043) Spanish Ministry of Science, Innovation and Universities	3,060

Consortium grants

Period	*Grant and funder*	*Amount (€)*
2027	Open science meetings (500.010.2626) Open Science NL	6,200
2024 – 2026	Victims of online crime Achmea Victim and Society Foundation (SASS)	76,250
2022 – 2023	Police and Science Programme (PW/OV/2023/27.10) Netherlands Police	101,060

Teaching experience

I have taught introductory criminology, environmental criminology, cybercrime prevention, and research methods. I hold the Spanish university teaching certificate PFIDU, which is equivalent to the Dutch BKO. As a certified Carpentries Instructor, I am also qualified to teach Data, Library, and Software Carpentry.

Undergraduate courses

Period taught	*Subject and university program*	*Code*
2018 – 2020	Introduction to Criminology BA in Public Safety and Private Security, Miguel Hernandez University	08030
2018 – 2019	Violent communication and hate speech in cyberspace MA in Cybercrime, International University of Catalonia	12963

Guest lectures

Year taught	*Subject, and program and university*	*Code*
2025	Software Engineering and Cyber Security Master Cyber Security, University of Southampton	COMP6236
	The role of online ad campaigns in cybercrime prevention—interventions on Google and YouTube Minor Cybercrime, The Hague University of Applied Sciences	SSMS-CC-25
2024 – 2025	Criminology and Safety: Theories, trends, and policies	

	Master Sociology: Contemporary Social Problems (ASVM), Utrecht University	201500009
2023 – 2024	Cybercrime Offenders	
	Minor Cybersecurity & Cybercrime, Leiden University	22606006
2023	Prevention and interventions	
	Minor Cybercrime, The Hague University of Applied Sciences	SSMS-CC-23
2021 – 2022	Crime, Safety & Security	
	Bachelor in Safety and Security Management Studies, The Hague University of Applied Sciences	SSMS-CSS-21/22
2021	New criminological theories and cybercrime	
	Bachelor in Criminology and Security Sciences, Valencian International University	51GCRI
2020	Financial crime, white collar crime and digital systems	
	Trust & Security in a Digital World: From Fake News to Cybercriminals, University College for Interdisciplinary Learning at University of Manchester	UCIL20132
2019	Organized crime	
	Bachelor in Criminology and Public Policies for Prevention, Pompeu Fabra University	21099
	Fighting hate crime	
	Summer course, Miguel Hernandez University	10454

Workshops

Year taught	*Title and organizer*
2024	Transitioning from EndNote to Zotero
	Netherlands Institute for the Study of Crime and Law Enforcement (NSCR)
2023 – 2025	R for Social Scientists
	Data Carpentry & NSC-R Workshops & NWO-I Digital Competence Center (DCC)
2023	Learning to learn R
	NSC-R Workshops
2022	Using R for Reproducible Social Science
	NSC-R Workshops & NWO-I Digital Competence Center (DCC)
	cacc: Conjunctive Analysis of Case Configurations
	NSC-R Workshops
2022 – 2024	TidyTuesday
	NSC-R Workshops
2021	RMarkdown
	NSC-R Workshops
