Current professional situation and previous position

Period	*Job title and affiliation*
Nov 2026 – present	Researcher 1
Dec 2023 – Oct 2026	Researcher 2
Sep 2020 – Nov 2023	Postdoctoral Researcher Netherlands Institute for the Study of Crime and Law Enforcement (NSCR) & Center of Expertise Cyber Security, The Hague University of Applied Sciences
Oct 2017 – Jul 2020	PhD Candidate (Research Personnel in Training – FPU16/01671)
Sep 2016 – Sep 2017	Junior Researcher Crímina Research Centre for the Study and Prevention of Crime, Miguel Hernandez University

Education

Degrees

Period	*Degree and university*
2017 – 2020	PhD in Criminology (Intl., Hons.)
2016 – 2017	MSc in Crime Analysis and Prevention Miguel Hernandez University
2011 – 2016	BA in Criminology University of Salamanca

Language proficiency

Spanish (native), English (C2), Dutch (B1), French (A2)

Research

My research examines the human factors in how, when, and where cybercrime occurs. I use quantitative methods and data science, collaborating across disciplines and with industry professionals. My goal is to build knowledge that helps us better understand cybercrime and find solutions to reduce its impact.

Research visits

Period	*Job title and host institution*
Oct 2019 – Dec 2019	Research Personnel in Training (FPU16/01671) Netherlands Institute for the Study of Crime and Law Enforcement (NSCR)
Jan 2019 – Feb 2019	Research Personnel in Training (FPU16/01671) École des sciences criminelles, Université de Lausanne
Jul 2018	Research Personnel in Training (FPU16/01671) Jill Dando Institute of Security and Crime Science, University College London

Presentations

Keynotes

Year	*Title and event*
2024	1. Influencing Potential Cybercriminals with Online Ads: Empirical Findings, Lessons Learned, and Future Research Directions Forum on Cyber Crime/Delinquency and Cyber Victimization in the Digital Age: A Comparative Perspective

Invited talks (16)

Year	*Title and event*
2026	1. Cutting pathways into CaaS: lessons learned and challenges
	2. Opportunities and challenges in measuring cybercrime prevention 8th InterCOP Conference: Europol Cybercrime Prevention Forum 2026
	3. From evidence to action: Recommendations for intervening against cybercrime-as-a-service ACOP 2026: Down the rabbit hole
	4. Attitudes and barriers to open science practices: a mixed-methods analysis at a criminological research institute
	5. Replicating research on restricted data: Evidence from the CBS Replication Games 2026 Amsterdam Meta Science Network Seminar

6. The Cybercrime Market Experiment
ACOP-InterCOP Food for Thought

2023 7. Panel Discussion: Cyber security threats unveiled
Policy Conference Securing Europe's Digital Future: Cybersecurity Challenges and Solutions

8. Online ad campaigns against cybercrime: The Dutch approach
Seminar by Digital Futures & Department of Criminology, University of Manchester

9. Online ad campaigns against cybercrime: The Dutch approach
Sprint – Operation PowerOFF by Europol

10. Stolen data markets on Telegram: crime script and situational crime prevention measures
2023 INTERSCT Conference on cyber security of Internet-of-Things

2022 11. Si Zaragoza no se rinde, yo tampoco!
Ciencias y Vivencias en Países Bajos by Spanish Scientists in the Netherlands (CENL)

12. One ad a day keeps cybercrime at bay
Interdisciplinary Conference on Cybercrime by School of Criminal Justice, University of Michigan

13. Using online ads to reduce cyber-attacks: lessons learned and future directions
2022 INTERSCT Conference on cyber security of Internet-of-Things

2021 14. Research Dutch Google Adwords campaign
EMPACT 3.1 Workshop by Cyber Offender Prevention Squad (COPS), Netherlands Police

15. Factores humanos e institucionales en el cibercrimen y la ciberseguridad
Seminar by Centro de Investigación para la Gobernanza Global & Programa de Doctorado en Estado de Derecho y Gobernanza Global, University of Salamanca

16. Alerting conscience to reduce DDoS attacks against the gaming industry: A quasi-experimental design using Google Ads
Research lunch by Centre of Expertise Cyber Security, The Hague University of Applied Sciences

Oral communications (83)

Year *Title and event*

2026 1. Reconnaissance behavior in honeypot systems: An analysis of offender's online mobility

2. Genesis Market Sales: Pricing and Discounting Patterns in a Cybercriminal Marketplace

3. Does influence policing reach the right audience? Quasi-experimental evidence on targeting precision in online ad campaigns against phishing

4. Online help for online victims? Reaching victims of online fraud and ransomware through Google ads
26th Annual Conference of the European Society of Criminology

5. Cybercrime journeys: A framework for analyzing cyber offenders' online mobility
ECCA 2026 Environmental Criminology and Crime Analysis Symposium

6. Reconnaissance behavior in honeypot systems: An analysis of offender's online mobility

7. Online hulpzoekgedrag na online fraude en ransomware
Nederlandse Vereniging voor Criminologie (NVC) congres 2026

2025 8. A field experiment to examine objective cybercriminal behavior in an access-as-a-service marketplace
Evidence-Based Policing in de Praktijk

9. The ripple effect of Operation Cookie Monster: How did a dark market takedown impact an untargeted hacker forum?

10. Cybercrime journeys: a framework for analyzing cyber offender online mobility
7th Annual Conference on the Human Factor in Cybercrime

11. Barriers to adopting open science practices: Findings from a survey at a criminological research institute

12. The ripple effect of Operation Cookie Monster: How did a dark market takedown impact an untargeted hacker forum?

13. Distinct group, distinct traits? The psychological and behavioral correlates of cybercrime offending

14. A field experiment to examine objective cybercriminal behavior in an access-as-a-service marketplace: trust signals, target selection, and attack techniques

15. Exploring the cybercrime-as-a-service ecosystem: where and how phishing kits are marketed and sold online

Year *Title and event*

16. The geographical dispersion of cybercriminal youth groups: A social network analysis approach
25th Annual Conference of the European Society of Criminology
17. An experimental design to investigate attacker actions on an Access-as-a-Service 'criminal' platform
7th Workshop on Attackers and Cyber-Crime Operations (WACCO) & IEEE European Symposium on Security and Privacy 2025
18. De geografische spreiding van cybercriminele jeugdnetwerken
19. Verkenning van het cybercrime-as-a-service ecosysteem: waar en op welke wijze phishingkits online worden aangeboden en verkocht
20. De verkenning van de rol van Cybercrime-as-a-Service markten in de betrokkenheid bij cybercriminaliteit en het belang van vertrouwenssignalen
21. De psychologische kenmerken van daders van cybercriminaliteit
22. The ripple effect of Operation Cookie Monster: Did a market takedown change moderation behavior on an untargeted hacker forum?
23. Online hulpzoekgedrag na slachtofferschap van ransomware
Nederlandse Vereniging voor Criminologie (NVC) congres 2025

2024 24. Exploring the operational mechanisms and trust signals in Cybercrime-as-a-Service marketplaces trading Remote Access Trojans
25. Rise and fall of illicit Telegram marketplaces: 180 days of covert non-participant observation
26. The local embeddedness of cybercriminal youth networks: A social network analysis approach
6th Annual Conference on the Human Factor in Cybercrime
27. The transition to open science at the NSCR
Workshop on Open Science and Open Data in European Criminological Research
28. Countering cybercrime tutorials with online video ad campaigns: A quasi-experiment on YouTube
29. Youth pathways into and out of digital fraud
24th Annual Conference of the European Society of Criminology
30. Recipe for success: Factors behind the rise and fall of Telegram illicit marketplaces
31. Cybercriminele jeugdnetwerken in Noord-Nederland: een sociaal netwerkanalyse
Nederlandse Vereniging voor Criminologie (NVC) congres 2024

2023 32. The effect of online ad campaigns on cybercrime
ONE Conference 2023
33. Analyzing interest in booter services and DDoS attacks: Insight from Google search data
34. Pathways into cybercrime: social opportunities, criminal careers, and the intertwinement of crime
35. Examining ransomware payment decision-making among SMEs
5th Annual Conference on the Human Factor in Cybercrime
36. Examining ransomware payment decision-making among SMEs
37. Cybercrime-as-a-Service markets and IoT devices: expert insights
38. Origin, growth, and structure of (cyber)criminal youth networks in a digitizing society
23rd Annual Conference of the European Society of Criminology
39. The effect of online ad campaigns on cybercrime: A cross-national difference-in-differences quasi-experiment
Cambridge Cybercrime Centre: 6th Annual Cybercrime Conference
40. Who searches for DDoS-attacks and what do they exactly search for?
The Cybersecurity Revolution (SECREV2023)
41. Een quasi-experimenteel onderzoek op Google
Wat werkt? Evidence-Based Policing in Nederland

2022 42. Hacking efficiency: online mobility and the least effort principle
43. Does one ad a day keep cybercrime at bay?
44. Examining risk profiles for cybercrime victimization
4th Annual Conference on the Human Factor in Cybercrime
45. Do online ad campaigns reduce DDoS?
Research Seminar on Contemporary Cybercrime
46. Do online ads reduce DDoS attacks?

Year *Title and event*

Cyber Resilience Symposium of the Center of Expertise Cyber Security

47. Hacker mobility in cyberspace and the least effort principle
48. Examining risk profiles for cybercrime victimization
49. Does one ad a day keep cybercrime at bay?
50. Telegram stolen data markets: crime script and interventions

22nd Annual Conference of the European Society of Criminology

51. Hacker mobility in cyberspace and the least effort principle

ECCA 2022 Environmental Criminology and Crime Analysis Symposium

52. Does one ad a day keep cybercrime at bay?
53. Telegram stolen data markets: Crime script and interventions
54. Hacker mobility in cyberspace and the least effort principle
55. Risicoprofielen voor slachtofferschap van cybercriminaliteit
56. Online ronselen van money mules: Een quasi-experiment op Instagram

Nederlandse Vereniging voor Criminologie (NVC) congres 2022

57. Towards an evaluation of the effect of online ad campaigns on DDoS attacks

The Cybersecurity Revolution (SECREV2022)

2021 58. Insider threats among Dutch SMEs: typology, incidence, frequency, consequences, and cyber security policies

3rd Annual Conference on the Human Factor in Cybercrime

59. Alerting conscience to reduce DDoS attacks against the gaming industry: A quasi-experimental design

2021 American Society of Criminology Annual Meeting

60. Alerting conscience to reduce DDoS attacks against the gaming industry. A quasi-experimental design using Google Ads

Nederlandse Vereniging voor Criminologie (NVC) online congres 2021

61. How to alert consciences to prevent DDoS-ers from targeting the gaming industry?

The Cybersecurity Revolution (SECREV2021)

62. Alerting Consciences to Reduce DDoS Attacks: A Quasi-experimental Design Using Warning Banners
63. Insider threats among Dutch SMEs: typology, incidence, frequency, consequences, and cyber security policies
64. Empty streets, busy internet. A time series analysis of cybercrime and fraud trends during COVID-19

21st Annual Conference of the European Society of Criminology

2020 65. Public demonstrations in Twitter: Identifying metadata for disinformation
66. Shifts in opportunities and cybercrime during COVID-19: A preliminary analysis in the UK

20th Annual Conference of the European Society of Criminology

67. How to apply Environmental Criminology and Crime Analysis to reduce cybercrime?
68. Examining the relationship between data leaks and website characteristics
69. Repeat victimization by website defacement: A test of environmental criminology premises for cybercrime

Cybercrime Online Conference

2019 70. Hunter or prey? Exploring the situational profiles that define online harassment repeat victims and offenders

2nd Annual Conference on the Human Factor in Cybercrime

71. "Fear in 280 characters". A new methodological approach for real-time evaluation of fear of crime on Twitter
72. "100% sure fixed matches": Exploring the environmental design of match-fixing websites and their networks
73. Who defrauds the fraudster? Exploring the profiles of vendors of match-fixed results in dark markets
74. Crime trends, Information Technologies, and crime opportunities: two hypotheses to help explain the crime drop

19th Annual Conference of the European Society of Criminology

75. Análisis del delito en entornos urbanos

Year *Title and event*

IV Simposio de Investigación Criminológica

76. Hunter or prey? Exploring the situational profiles that define online harassment victims and offenders

Joint Conference ECCA 2019 Environmental Criminology and Crime Analysis Symposium & 6th Crime Geography and Crime Analysis

2018 77. Hunter or prey? An analysis of cyberstalking situational profiles and their preferred places

78. Anonymity-Publicity Index (API): an empirical classification of exposure of online users

18th Annual Conference of the European Society of Criminology

79. ¡El odio está en el aire! Pero ¿dónde?

80. ¿Cazador o presa? Un análisis de los perfiles situacionales del ciberacoso y sus lugares predilectos

81. Anonymity-Publicity Index (API). Una clasificación empírica de la exposición de los usuarios online

XII Congreso Español del Criminología

82. Hate is in the air! But where? Introducing an algorithm to detect hate speech in digital microenvironments

ECCA 2018 Environmental Criminology and Crime Analysis Symposium

2017 83. Spatio-temporal analysis of terrorism in Africa. An approach to estimate crime using Geographic Information Systems

III Simposio de Investigación Criminológica

Posters

Year *Title and event*

2018 100% sure fixed matches. Exploring the environmental features on alleged fixed sport matches websites and their networks

IV Simposio de Investigación Criminológica

Organization

Period	*Event*
2026	Pre-conference meeting: CRIMLabs: Collaborative Replication Initiative for Many-Labs Evidence in Criminology Roundtable: Repeatability in Criminology 26th Annual Conference of the European Society of Criminology
2024 – 2026	PhDs in Criminology Network Co-organizer from Netherlands Institute for the Study of Crime and Law Enforcement (NSCR)
2022 – 2023	The Cyber Security Revolution (SECREV) Co-organizer from The Hague University of Applied Sciences, online

Funding

Personal grants

Period	*Grant and funder*	*Amount (€)*
2023 – 2027	Veni grant - NWO Talent Programme (VI.Veni.221R.024) Dutch Research Council (NWO)	279,841
2017 – 2020	Grants for the training of university staff (FPU16/01671) Spanish Ministry of Education, Culture and Sports; and Spanish Ministry of Science, Innovation and Universities	65,688
2019 – 2019	Mobility grants for short stays and temporary transfers (EST18/00043) Spanish Ministry of Science, Innovation and Universities	3,060

Consortium grants

Period	*Grant and funder*	*Amount (€)*
2027	Open science meetings (500.010.2626) Open Science NL	6,200
2024 – 2026	Victims of online crime Achmea Victim and Society Foundation (SASS)	76,250

2022 – 2023	Police and Science Programme (PW/OV/2023/27.10) Netherlands Police	101,060

Teaching experience

I have taught introductory criminology, environmental criminology, cybercrime prevention, and research methods. I hold the Spanish university teaching certificate PFIDU, which is equivalent to the Dutch BKO. As a certified Carpentries Instructor, I am also qualified to teach Data, Library, and Software Carpentry.

Undergraduate courses

Period taught	*Subject and university program*	*Code*
2018 – 2020	Introduction to Criminology BA in Public Safety and Private Security, Miguel Hernandez University	08030
2018 – 2019	Violent communication and hate speech in cyberspace MA in Cybercrime, International University of Catalonia	12963

Note: BA: Bachelor of Arts; BSc: Bachelor of Science; MA: Master of Arts; MSc: Master of Science

Guest lectures

Year taught	*Subject, and program and university*	*Code*
2026	Influencing Potential Cybercriminals with Online Ads: Empirical Findings and Lessons Learned BSc Cybersecurity & Cybercrime, Leiden University	59348
2025	Software Engineering and Cyber Security MSc Cyber Security, University of Southampton	COMP6236
	The role of online ad campaigns in cybercrime prevention—interventions on Google and YouTube Minor Cybercrime, The Hague University of Applied Sciences	SSMS-CC-25
2024 – 2025	Criminology and Safety: Theories, trends, and policies MSc Sociology: Contemporary Social Problems (ASVM), Utrecht University	201500009
