Current professional situation and previous position

Period	*Job title and affiliation*
Dec 2023 – present	Researcher
Sep 2020 – Nov 2023	Postdoctoral Researcher Netherlands Institute for the Study of Crime and Law Enforcement (NSCR) & Center of Expertise Cyber Security, The Hague University of Applied Sciences
Oct 2017 – Jul 2020	PhD Candidate (Research Personnel in Training – FPU16/01671)
Sep 2016 – Sep 2017	Junior Researcher Crímina Research Centre for the Study and Prevention of Crime, Miguel Hernandez University

Education

Degrees

Period	*Degree and university*
2017 – 2020	PhD in Criminology (Intl., Hons.)
2016 – 2017	MSc in Crime Analysis and Prevention Miguel Hernandez University
2011 – 2016	BA in Criminology University of Salamanca

Language proficiency

Spanish (native), English (C2), Dutch (B1), French (A2)

Research

My research focuses on the human factors involved in how, when, and where cybercrime occur. I rely mainly on quantitative methods and data science, and I enjoy collaborating with researchers from other disciplines as well as with practitioners and professionals. The purpose of my research is twofold: to generate knowledge to better understand cybercrime, and to find solutions to reduce it or mitigate its impact.

Oral communications (76)

Year *Title and event*

2025
1. A field experiment to examine objective cybercriminal behavior in an access-as-a-service marketplace
Evidence-Based Policing in de Praktijk
2. The ripple effect of Operation Cookie Monster: How did a dark market takedown impact an untargeted hacker forum?
3. Cybercrime journeys: a framework for analyzing cyber offender online mobility
7th Annual Conference on the Human Factor in Cybercrime
4. Barriers to adopting open science practices: Findings from a survey at a criminological research institute
5. The ripple effect of Operation Cookie Monster: How did a dark market takedown impact an untargeted hacker forum?
6. Distinct group, distinct traits? The psychological and behavioral correlates of cybercrime offending
7. A field experiment to examine objective cybercriminal behavior in an access-as-a-service marketplace: trust signals, target selection, and attack techniques
8. Exploring the cybercrime-as-a-service ecosystem: where and how phishing kits are marketed and sold online
9. The geographical dispersion of cybercriminal youth groups: A social network analysis approach
25th Annual Conference of the European Society of Criminology
10. An experimental design to investigate attacker actions on an Access-as-a-Service 'criminal' platform
7th Workshop on Attackers and Cyber-Crime Operations (WACCO) & IEEE European Symposium on Security and Privacy 2025
11. De geografische spreiding van cybercriminele jeugdnetwerken
12. Verkenning van het cybercrime-as-a-service ecosysteem: waar en op welke wijze phishingkits online worden aangeboden en verkocht
13. De verkenning van de rol van Cybercrime-as-a-Service markten in de betrokkenheid bij cybercriminaliteit en het belang van vertrouwenssignalen
14. De psychologische kenmerken van daders van cybercriminaliteit
15. The ripple effect of Operation Cookie Monster: Did a market takedown change moderation behavior on an untargeted hacker forum?
16. Online hulpzoekgedrag na slachtofferschap van ransomware
Nederlandse Vereniging voor Criminologie (NVC) congres 2025

2024
17. Exploring the operational mechanisms and trust signals in Cybercrime-as-a-Service marketplaces trading Remote Access Trojans
18. Rise and fall of illicit Telegram marketplaces: 180 days of covert non-participant observation
19. The local embeddedness of cybercriminal youth networks: A social network analysis approach
6th Annual Conference on the Human Factor in Cybercrime
20. The transition to open science at the NSCR
Workshop on Open Science and Open Data in European Criminological Research
21. Countering cybercrime tutorials with online video ad campaigns: A quasi-experiment on YouTube
22. Youth pathways into and out of digital fraud
24th Annual Conference of the European Society of Criminology
23. Recipe for success: Factors behind the rise and fall of Telegram illicit marketplaces
24. Cybercriminele jeugdnetwerken in Noord-Nederland: een sociaal netwerkanalyse
Nederlandse Vereniging voor Criminologie (NVC) congres 2024

2023
25. The effect of online ad campaigns on cybercrime
ONE Conference 2023
26. Analyzing interest in booter services and DDoS attacks: Insight from Google search data
27. Pathways into cybercrime: social opportunities, criminal careers, and the intertwinement of crime
28. Examining ransomware payment decision-making among SMEs
5th Annual Conference on the Human Factor in Cybercrime
29. Examining ransomware payment decision-making among SMEs

Year	*Title and event*
	30. Cybercrime-as-a-Service markets and IoT devices: expert insights
	31. Origin, growth, and structure of (cyber)criminal youth networks in a digitizing society 23rd Annual Conference of the European Society of Criminology
	32. The effect of online ad campaigns on cybercrime: A cross-national difference-in-differences quasi-experiment Cambridge Cybercrime Centre: 6th Annual Cybercrime Conference
	33. Who searches for DDoS-attacks and what do they exactly search for? The Cybersecurity Revolution (SECREV2023)
	34. Een quasi-experimenteel onderzoek op Google Wat werkt? Evidence-Based Policing in Nederland
2022	35. Hacking efficiency: online mobility and the least effort principle
	36. Does one ad a day keep cybercrime at bay?
	37. Examining risk profiles for cybercrime victimization 4th Annual Conference on the Human Factor in Cybercrime
	38. Do online ad campaigns reduce DDoS? Research Seminar on Contemporary Cybercrime
	39. Do online ads reduce DDoS attacks? Cyber Resilience Symposium of the Center of Expertise Cyber Security
	40. Hacker mobility in cyberspace and the least effort principle
	41. Examining risk profiles for cybercrime victimization
	42. Does one ad a day keep cybercrime at bay?
	43. Telegram stolen data markets: crime script and interventions 22nd Annual Conference of the European Society of Criminology
	44. Hacker mobility in cyberspace and the least effort principle ECCA 2022 Environmental Criminology and Crime Analysis Symposium
	45. Does one ad a day keep cybercrime at bay?
	46. Telegram stolen data markets: Crime script and interventions
	47. Hacker mobility in cyberspace and the least effort principle
	48. Risicoprofielen voor slachtofferschap van cybercriminaliteit
	49. Online ronselen van money mules: Een quasi-experiment op Instagram Nederlandse Vereniging voor Criminologie (NVC) congres 2022
	50. Towards an evaluation of the effect of online ad campaigns on DDoS attacks The Cybersecurity Revolution (SECREV2022)
2021	51. Insider threats among Dutch SMEs: typology, incidence, frequency, consequences, and cyber security policies 3rd Annual Conference on the Human Factor in Cybercrime
	52. Alerting conscience to reduce DDoS attacks against the gaming industry: A quasi-experimental design 2021 American Society of Criminology Annual Meeting
	53. Alerting conscience to reduce DDoS attacks against the gaming industry. A quasi-experimental design using Google Ads Nederlandse Vereniging voor Criminologie (NVC) online congres 2021
	54. How to alert consciences to prevent DDoS-ers from targeting the gaming industry? The Cybersecurity Revolution (SECREV2021)
	55. Alerting Consciences to Reduce DDoS Attacks: A Quasi-experimental Design Using Warning Banners
	56. Insider threats among Dutch SMEs: typology, incidence, frequency, consequences, and cyber security policies
	57. Empty streets, busy internet. A time series analysis of cybercrime and fraud trends during COVID-19 21st Annual Conference of the European Society of Criminology
2020	58. Public demonstrations in Twitter: Identifying metadata for disinformation
	59. Shifts in opportunities and cybercrime during COVID-19: A preliminary analysis in the UK 20th Annual Conference of the European Society of Criminology

Year *Title and event*

60. How to apply Environmental Criminology and Crime Analysis to reduce cybercrime?
61. Examining the relationship between data leaks and website characteristics
62. Repeat victimization by website defacement: A test of environmental criminology premises for cybercrime
Cybercrime Online Conference

2019 63. Hunter or prey? Exploring the situational profiles that define online harassment repeat victims and offenders
2nd Annual Conference on the Human Factor in Cybercrime
64. "Fear in 280 characters". A new methodological approach for real-time evaluation of fear of crime on Twitter
65. "100% sure fixed matches": Exploring the environmental design of match-fixing websites and their networks
66. Who defrauds the fraudster? Exploring the profiles of vendors of match-fixed results in dark markets
67. Crime trends, Information Technologies, and crime opportunities: two hypotheses to help explain the crime drop
19th Annual Conference of the European Society of Criminology
68. Análisis del delito en entornos urbanos
IV Simposio de Investigación Criminológica
69. Hunter or prey? Exploring the situational profiles that define online harassment victims and offenders
Joint Conference ECCA 2019 Environmental Criminology and Crime Analysis Symposium & 6th Crime Geography and Crime Analysis

2018 70. Hunter or prey? An analysis of cyberstalking situational profiles and their preferred places
71. Anonymity-Publicity Index (API): an empirical classification of exposure of online users
18th Annual Conference of the European Society of Criminology
72. ¡El odio está en el aire! Pero ¿dónde?
73. ¿Cazador o presa? Un análisis de los perfiles situacionales del ciberacoso y sus lugares predilectos
74. Anonymity-Publicity Index (API). Una clasificación empírica de la exposición de los usuarios online
XII Congreso Español del Criminología
75. Hate is in the air! But where? Introducing an algorithm to detect hate speech in digital microenvironments
ECCA 2018 Environmental Criminology and Crime Analysis Symposium

Organization

Period *Event*

2024 – 2026 PhDs in Criminology Network
Co-organizer from Netherlands Institute for the Study of Crime and Law Enforcement (NSCR)

2022 – 2023 The Cyber Security Revolution (SECREV)
Co-organizer from The Hague University of Applied Sciences, online

Funding

Personal grants

Period	*Grant and funder*	*Amount (€)*
2023 – 2027	Veni grant - NWO Talent Programme (VI.Veni.221R.024)	279,841

	Dutch Research Council (NWO)	
2017 – 2020	Grants for the training of university staff (FPU16/01671) Spanish Ministry of Education, Culture and Sports; and Spanish Ministry of Science, Innovation and Universities	65,688
2019 – 2019	Mobility grants for short stays and temporary transfers (EST18/00043) Spanish Ministry of Science, Innovation and Universities	3,060

Consortium grants

Period	*Grant and funder*	*Amount (€)*
2024 – 2026	Victims of online crime Achmea Victim and Society Foundation (SASS)	76,250
2022 – 2023	Police and Science Programme (PW/OV/2023/27.10) Netherlands Police	101,060

Teaching experience

My teaching areas include introductory criminology, environmental criminology, cybercrime prevention, and research methods. I completed the Initial Training Program in University Teaching (PFIDU), the Spanish equivalent of the Basis Kwalificatie Onderwijs (BKO). I am also a certified Carpentries Instructor qualified to teach the core curriculum of Data Carpentry, Library Carpentry, and Software Carpentry.

Undergraduate courses

Period taught	*Subject and university program*	*Code*
2018 – 2020	Introduction to Criminology BA in Public Safety and Private Security, Miguel Hernandez University	08030
2018 – 2019	Violent communication and hate speech in cyberspace MA in Cybercrime, International University of Catalonia	12963

Guest lectures

Year taught	*Subject, and program and university*	*Code*
2025	Software Engineering and Cyber Security Master Cyber Security, University of Southampton	COMP6236
	The role of online ad campaigns in cybercrime prevention—interventions on Google and YouTube Minor Cybercrime, The Hague University of Applied Sciences	SSMS-CC-25
2024 – 2025	Criminology and Safety: Theories, trends, and policies Master Sociology: Contemporary Social Problems (ASVM), Utrecht University	201500009
2023 – 2024	Cybercrime Offenders Minor Cybersecurity & Cybercrime, Leiden University	22606006
2023	Prevention and interventions Minor Cybercrime, The Hague University of Applied Sciences	SSMS-CC-23
2021 – 2022	Crime, Safety & Security Bachelor in Safety and Security Management Studies, The Hague University of Applied Sciences	SSMS-CSS-21/22
2021	New criminological theories and cybercrime Bachelor in Criminology and Security Sciences, Valencian International University	51GCRI
2020	Financial crime, white collar crime and digital systems Trust & Security in a Digital World: From Fake News to Cybercriminals, University College for Interdisciplinary Learning at University of Manchester	UCIL20132
2019	Organized crime Bachelor in Criminology and Public Policies for Prevention, Pompeu Fabra University	21099
	Fighting hate crime Summer course, Miguel Hernandez University	10454

Workshops

Year taught	*Title and organizer*
2024	Transitioning from EndNote to Zotero Netherlands Institute for the Study of Crime and Law Enforcement (NSCR)
2023 – 2025	R for Social Scientists Data Carpentry & NSC-R Workshops & NWO-I Digital Competence Center (DCC)
2023	Learning to learn R NSC-R Workshops
2022	Using R for Reproducible Social Science NSC-R Workshops & NWO-I Digital Competence Center (DCC)
	cacc: Conjunctive Analysis of Case Configurations NSC-R Workshops
2022 – 2024	TidyTuesday NSC-R Workshops
2021	RMarkdown NSC-R Workshops
2020	Análisis Conjunto de Configuraciones de Caso (CACC) #YHLQMDLG: talleres metodológicos para la investigación empírica en Criminología y Derecho penal

Supervision of students

Period	*Supervision type*	*Supervisee's name*
2025 – 2026	1 intern mentored & MSc thesis supervised Netherlands Institute for the Study of Crime and Law Enforcement (NSCR) & [60418] MSc in Marketing Analytics and Data Science	Homsma, A. S.
2025	1 junior researcher supervised Center of Expertise Cyber Security, The Hague University of Applied Sciences	Fuchs, T.
2024 – 2025	1 intern mentored & MSc thesis supervised Netherlands Institute for the Study of Crime and Law Enforcement (NSCR) & [60048] MSc in Forensic Criminology	Van Soest, I.
2024	1 intern mentored Center of Expertise Cyber Security, The Hague University of Applied Sciences	Dahoe, S.
2023 – present	1 PhD student supervised	Stibbe, D.
2023 – 2024	2 interns mentored	Ditchev, L., & Verhofstadt, L.
2022 – present	1 PhD student supervised Netherlands Institute for the Study of Crime and Law Enforcement (NSCR)	Kool, H.
2022 – 2023	1 junior researcher supervised	Garkava, T.
	1 intern mentored	Janssen, T.
2021 – present	1 PhD student supervised	Loggen, J.
2021 – 2022	1 junior researcher supervised	Boeken, J.
	1 intern mentored	Garkava, T.
2020 – 2021	1 intern mentored Center of Expertise Cyber Security, The Hague University of Applied Sciences	Folkers, W.
2018 – 2019	1 MSc thesis supervised [03235] MSc in Crime Analysis and Prevention, Miguel Hernandez University	Modesto-Castrillon, C.
